Kitchen Makeover

1. **Open Kitchen:** Remove a wall to create an open space, connecting the kitchen to another area.
2. **Plumbing Changes:** Adjust pipes for new sink or appliance locations. Also move the pipes to the last bedroom.
3. **Temple Niche:** Build a small space in the wall for a home temple.
4. **White Modular Cabinets:** Install new, modern cabinets, possibly reusing old wood, painted white.
5. **Light Countertops:** Replace dark counters with bright ones (like quartz or marble) to make the room feel bigger.
6. **Built-in Microwave:** Integrate the microwave into the cabinets to save space.
7. **Hidden Water Purifier:** Place the water purifier under the sink or use a sleek model to minimize clutter.
8. **Single Basin Sink:** Maintain or install a streamlined stainless-steel sink.

Drawing Room:

9. **PoP and lighting to be well designed with different themes.**
10. **Light Modular Sofa:** Replace old sofas with a light-colored, adaptable sofa.
11. **Minimalist Chairs:** Replace ornate chairs with simple, modern ones.
12. **Solid Table:** Swap the glass table for a solid white or light wood table.
13. **Clean TV Mount:** Keep the TV mounted but hide all the wires.
14. **Floating Media Console:** Add a simple shelf under the TV for storage.
15. **White Wall Cabinets:** Replace old cabinets with handleless, white wall cabinets.
16. **Abstract Art:** Use simple, modern artwork with a limited color range.
17. **Neutral Rug:** Replace patterned rugs with a large, plain, light-colored rug.
18. Sliding Window to **be repaired**
19. AC fittings to be designed, Curtains to be changed Pelmet to be considered.

Last Bedroom make over

20) Make the balcony a more of living space with capability for hanging cloths.
21) Bed to be make over ..
22) Wardrop make over
23) Study Table to be made foldable.
24) Soundproof sliding window in bedroom

First Bathroom Make over

25) Door Changes
26) Washbasin of the front bathroom to be separated from the bathroom with light design

General Suggestions

27) Stick with the light base tones (whites, creams) and use pops of color strategically to tie rooms together. Consider a unifying accent color (e.g., soft teal, mustard yellow, or terracotta) across rooms.

28) Add layered lighting (ambient, task, and accent) to create warmth and versatility.

29) Incorporate natural textures like wood, woven fabrics, or stone to balance the modern glass and metal elements.

30) Introduce indoor plants (e.g., snake plants, pothos) to enhance the balcony connections and bring life indoors.

These are only very vague initial thoughts. We are open to consider new ideas coming from you.

Detailed Quotation is Awaited

Thank you!!!
